

## USA AGREEMENT NO. 2009-12-00, EXHIBIT “B”

### Scope of Work

#### 1.0 Supplier Products and Services

#### 1.1 Specialty Program Areas

- Inservice Testing (IST) (ASME OM Code related Programs)
- Inservice Inspection (ISI) (ASME Section XI related Programs)
- Environmental Qualification (EQ)
- Local Leak-Rate Testing (LLRT)
- Fire Protection (FP) & Appendix ‘R’ (APPR)
- Air Operated Valves (AOVs) / Motor Operated Valves (MOVs)
- Check Valve (CV) & Relief Valve (RV) Programs
- Heat Exchangers
- Snubbers (ISTD Transition)
- Plant Thermal Performance
- Buried Piping
- Erosion/Corrosion (including FAC)

#### 1.2 Services

- Program Benchmark & Assessment Initiative
- Custom Training Packages
- Program Development / 10 Year Interval Update
- Basis Information (Development / Update)
- Programs Management
- Outage Support
- Calculation Development / Revision
- Plant Modeling & Performance Analysis
- Offsite Backlog Reductions
- Procedure writing/technical support
- Testing support

#### 1.3 Custom Software Products

- Thermal Performance Monitoring (TSM)
- Cycle Isolation / Valve leak Detection (CIM)
- Inservice Testing (PV Plus)
- APPJ
- Check Valve Condition Monitoring
- ISI
- Relief Valves
