

PEPSE Basics & Plant Applications Training **(formerly PEPSE Applications Training)**

Based on requests from many customers, True North Consulting will be conducting a new PEPSE Training Course beginning February 2 and concluding February 5, 2010, in Swedesboro, NJ. This is a unique course because it offers both basic introductory instruction in the use of the PEPSE software AND interactive hands-on exercises. The course is conducted in a workshop environment.

We look forward to hearing from you.

REGISTRATION:

Complete and return attached form by 5pm Thursday,
January 21, 2010.

QUESTIONS:

Karla Todd
Telephone – (856) 391-1105
E-mail - kjt@tnorthconsulting.com

COURSE DESCRIPTION

This course is designed as a hands-on interactive training in both the basics of using PEPSE and applying PEPSE on actual power plant scenarios. It is an excellent course for new and infrequent PEPSE users to learn the basics of using and building models AND veteran PEPSE users looking for additional practical applications of PEPSE to solve plant issues.
